Department of Political Science University of North Carolina at Charlotte

REQUEST FOR APPROVAL OF HONORS THESIS (POLS 4700)

I request permission to enroll for an honors thesis in Political Science. I understand it is my responsibility to work with my thesis advisor to establish deadlines and complete the project in a timely manner. I will receive a letter grade for the senior thesis. I also understand that I must give an oral presentation and complete the POLS comprehensive test during the semester in which I enroll for the honors thesis. I understand that after submitting this form, the department will issue a permit that allows me to register for this class. It is then my responsibility to register for the class.
